

Simplifying migration to Natus EEG/PSG

Some of Natus' most popular legacy EEG and Sleep monitoring devices are now compatible with Natus NeuroWorks® and SleepWorks™ software. The Database Migration tool imports studies recorded with legacy Natus devices into the NeuroWorks/SleepWorks database, providing convenient review of all studies from a single database platform.

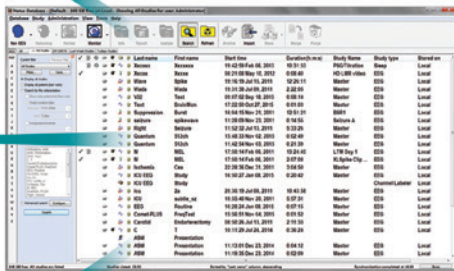

Grass® TWin

Nicolet® NicVue/StudyRoom

Schwarzer Coherence

Natus Database triggers the native review application to activate and open the selected study

Product Features:

- Unified database allowing review of studies recorded with legacy Natus devices
- Preserves legacy data, including patient demographics, study information and EEG/PSG reports
- Available for studies recorded with Nicolet NicVue, Nicolet StudyRoom, Grass TWin, and Schwarzer DMS
